

KCSO Programs

ADULTS:

Personal Safety

Learn safety tips to be prepared in different situations at home, on the street, and at work.

Neighborhood Watch

This in-depth training covers important aspects for starting and running a successful neighborhood watch group and implementing techniques and trends to protect your property and reduce crime in your neighborhood.

Internet Safety

Specially designed to equip parents with information to help them navigate the fast changing and sometimes dangerous world online. For adults and educators only.

Domestic Violence

Studies show that one in three relationships involve abuse. Learn the types and signs of these relationships and what you can do if you know someone that is in an unsafe situation. Resources for victims are discussed.

Drug Awareness

This presentation is exclusively for parents, educators, and staff who work with youth. It covers current drug trends, the symptoms and effects of various substances, and valuable resources available to support parents.

Human Trafficking

Offered to adults, teens and educators. Bringing awareness to human trafficking is the first step towards prevention. Recognizing the signs, barriers to leaving their situation and much more is discussed.

Identity Theft

Identity theft is one of the fastest growing crimes in the US and costs Americans billions of dollars every year. This presentation gives many useful and practical tips to reduce your chance of becoming a victim.

Scams and Frauds

The goal of this program is to inform the community of the latest fraudulent crimes targeting our senior citizens and adults. This includes scam indicators and tips for scammer prevention.

Business Watch

The Business Watch presentation equips businesses with essential strategies to reduce criminal activity. It highlights the benefits of collaboration with neighboring businesses to enhance security and prevent crime effectively.

Predators

Designed for adults, teens and educators. Please see the description in the teen section.

TEENS AND KIDS

Internet Safety

With many children having access to the internet, this presentation is specifically designed to provide middle schoolers valuable information about predators, cyberbullying, sexting and sharing appropriate information online.

Predators

Offered to adults, high schoolers and educators to increase awareness of the dangers online. This presentation includes how to spot a predator, grooming of victims, how human trafficking and domestic violence go hand in hand with victims of predators.

Teen Dating Violence

Many domestic violence indicators are developed early in life when teens are dating. Healthy relationships, unhealthy indicators, and resources for victims are presented in this presentation.

Bullying

When children face bullying, they often feel unsure about how to respond. This presentation provides essential information on recognizing bullying, standing up to a bully, and taking action if you are being bullied. It is designed specifically for elementary school-aged kids.

Stranger Danger

The Stranger Danger presentation teaches K-4th graders about good and bad strangers, the different types of lures bad strangers may use and what to do in an emergency.

ALL AGES:

Headquarters Tours

KCSO invites the public to explore our facilities, enjoy presentations from specialized units, and take a guided tour of our air support hangar. Follow our social media for dates or go to our website at www.kernsheriff.org/events for more information.

All presentations are free!
Please contact Community Relations to schedule:
